PERSONAL INFO

Languages: **Vietnamese** (Native), **English** (TOEIC 835)

TECH SKILLS

Languages:

- Java, JavaScript, TypeScript, Python

Frontend:

- React, Next.js, Redux Toolkit
- Tailwind CSS, Ant Design

Backend DB:

- Spring Boot, NestJS, Node.js
- PostgreSQL, MySQL, Redis
- Prisma ORM, RESTful APIs

Tools DevOps:

- Docker, Git, Postman, Figma
- FFmpeg, Cloudinary, Supabase

SOFT SKILLS

- Teamwork Collaboration
- Problem-solving
- Adaptability
- Attention to details

WORK EXPERIENCE

BITGROUP

10/2025 – 3/2026

Fullstack Developer

◇ Project: **Stadium Booking Platform & E-commerce**

◇ Tech Stack: **Next.js, NestJS, TypeScript, PostgreSQL, Prisma.**

◇ **Key Responsibilities:**

- Designed complex DB schemas for Booking (Slots), E-commerce (Cart, Orders), and User management.
- Developed RESTful APIs for core business operations using NestJS and Prisma ORM.
- Built responsive and interactive Frontend components with Next.js and Tailwind CSS.
- Implemented RBAC Authentication (Admin, Owner, User) for system security.

PROJECTS

ONLINE VIDEO EDITOR & AI TRANSCRIBER

02/2025 – 06/2025

Personal Project (DoAnCDWeb)

◇ **Description:** Fullstack web-based video editor with AI processing.

◇ **Key Features:**

- **Backend:** Processed video using FFmpeg and Python (Whisper AI) for auto-transcription.
- **Frontend:** Built editing UI with HTML5 Canvas and React for real-time styling.
- **System:** Handled large uploads and progress tracking via WebSockets and Redis.

◇ **Tech:** React, Spring Boot, Python, PostgreSQL, Redis, FFmpeg.

◇ **GitHub:** github.com/tin2709/DoAnCDWeb

COMPUTER ROOM MANAGEMENT

02/2025 – 07/2025

Graduation Essay

◇ **Description:** End-to-end management system for university labs.

◇ **Fullstack Implementation:** Developed a secure Backend with Spring Boot (Google Auth) and a management Dashboard with React, featuring QR Code stats and Chatbot integration.

◇ **Tech:** Spring Boot, React, MySQL, Cloudinary, Google Auth.

◇ **GitHub:** github.com/tin2709/TieuLuanTotNghiepBackEnd

TRELLO CLONE

06/2025 – 09/2025

Personal Project

◇ **Description:** Real-time task management app with Drag-and-drop.

◇ **Tech Stack:** Next.js, TypeScript, Supabase (Real-time DB Auth), Tailwind CSS.

◇ **GitHub:** github.com/tin2709/MyTrelloClone

EDUCATION

NONGLAM UNIVERSITY

2021–2025

◇ Major: **Information Technology**

◇ Graduation: **October 2025**

CERTIFICATES

TOEIC CERTIFICATE

2023–2025

◇ Score: **835/990**
